(11) Brtt agrees to the proposals of the Senior Surgeon almost entirely with the exception however of the appointment of an Extra Subast. Surgeon. In the Victoria Hospital there are 6 Subast. Surgeons for 134 beds. There will be provision for 166 beds in the new Hospital at Mysore. Even Calculating on the basis of the Victoria Hospital, one Subast. Surgeon for every 22 beds may be allowed. From this point of view a good case has been made out by the Sr Surgeon for the Extra hand. The only point for note in this connection is whether there would be any immediate necessity to sanction the Extra hand or whether it is not possible to defer the proposal

Sir,

D.

With reference to your No. 4279/Med.34-16-8, dated, 9th January 1917, I have the honor to forward herewith a copy of letter No. 631, dated, 2nd February 1917, from the Medical Officer in charge of the General Hospital, Mysore, stating that 8 Nurses and 2 Probationary Nurses in addition to the Matron will be needed, calculated at one Nurse for an average of 25 patients.

2. I may also note that the staff of Nurses has to be divided into batches for day and night duty so that the number actually on work at any time would be only 4, which is by no means excessive.

3. Under the circumstances, I beg to enclose for sanction a revised proposition statement for the number of hands actually required, at an additional cost of ~~Rs.127-8-0~~ Rs.1075-4-0 showing a difference in cost of Rs.127-8-0 as compared with the first proposal.

4. The Posting of an additional Sub Asst Surgeon involves the raising of the permanent cadre of Sub Asst Surgeons by one. This may also be kindly sanctioned.

I have the honor to be,
Sir,
Your most o bedient servant,

T. V. Armugam

Senior Surgeon.

Encl 1 to med 34-16 & 46

Letter No.631, dated, 2nd February 1917 from the Medical Officer in charge, General Hospital, Mysore, to the Senior Surgeon in Mysore, Bangalore.

In forwarding herewith a revised proposition statement as indicated in your No. 3327, dated, 23rd January 1917, I have the honor to represent that the Nursing staff now proposed will be inadequate for the needs of the Hospital.

(1) It is well known that there is at present no Nursing Staff in the General Hospital and the patients do not receive all the care and attention it is possible to bestow on them. Moreover on account of the poor pay and the increase in the cost of living, suitable ward attendants are not procurable at the present scale of pay. The result has been that there is hardly any descipline in the menial staff. Unless therefore a more generous scale of remuneration and more hands and a Nursing staff are sanctioned the needs of the suffering poor will be but very inadequately provided for.

(2) A Nurse cannot look after more than 25 patients. There will be therefore four charges. Eight nurses are absolutely necessary for these four charges for day and night duties. Special paying wards, operation rooms and eye cases will be additional charges for two more hands. The Sisters of Charity will be mostly employed in looking after the clothing and dieting of the sick and infectious ward that will have to be maintained in one of the clod wards till new wards are built.

Under these circumstances, I request that atleast 8 Nurses and 2 probationers, in addition to the Matron be sanctioned for the new Hospital.

SIR,

I have the honour to return herewith duly verified the proposition statement in duplicate, relating to the revision of establishment of the General Hospital Mysore received with your docket No. 6491/Med.34-16 dated 7th April 1917.

The financial effect of the proposition if sanctioned is an addition of Rs1073 2/9 per mensem or Rs12,878 2/3 per annum to the permanent recurring expenditure of the state. As no scale has been fixed in respect of the Gazetted Officers, only the ~~estimate~~ establishment portion is taken into consideration in arriving at the financial result of the propositions. If the additional Assistant Surgeon asked for cannot be allotted from the existing scale of officers and if the proposal requires an addition to the scale, the pay of that officer will have also to be taken into account in arriving at the ~~final~~ annual effect of the revision.

Copy of letter No.631 dated 2nd February 1917 from the Medical Officer in charge General Hospital is also returned herewith.

Submitted

With reference to the information required by the Dewan in paras 16 & 17 of the formal note

(1) A Statement giving the available figures is put up (Pg).

(2) It is understood that no proposals for addition to the establishment were received when the project for the new hospital was sanctioned in the P. W. Dept.

Attention is invited to para 2 of Senior Surgeons letter no. Q. 348 dated 31st Jan 1916 and Lt Col Fowlkes letter dated 24th Dec 1915 at whose instance the proposal for the revision of the establishment to suit the new conditions seem to have emanated. The existing no of beds in the hospital is 72 and the new hospital will provide for 106 beds
